The Grassroots Outdoor Alliance is a collection of over 100 independent outdoor retailers working together to support the outdoor industry in the most responsible and productive ways possible. The primary goals the GOA are to promote sustainable business practices, pass down knowledge, and protect the natural environment. Pack Rat Outdoor Center is proud to be a contributing member to this dedicated group of businesses.

Pack Rat is also excited to announce that, since partnering with **TerraCycle**, we have recycled over 15,000 energy bar wrappers - that's almost 30 lbs! We would like to thank everyone for recycling their wrappers through our store, and encourage you to keep up the good work!
